

Sample Parish Bulletin Announcement

Catholicism has been in a crisis of sexuality education for decades. Without proper guidance teens are swept into the modern trends and often end up tragically scarred emotionally, physically and spiritually. Sexuality expert Dr. Richard Wetzel has published the course he teaches to his own older teenagers. The publishers of this remarkable book, ***Sexual Wisdom for Catholic Adolescents***, are making it available to parishes at cost and so we have purchased copies for free distribution after Mass on (date) _____ to adults and the parents of older teens. Details will be announced at Sunday Masses.
